

# NORTH FLORIDA SPECIAL WARFARE TRAINING CENTER (NFSWC)

Located 10 miles South of Perry, 60 miles East of Tallahassee, and 145 miles West of Jacksonville. North Florida Special Warfare Training Center (NFSWC) was established in 2016 in Perry, Taylor County, The facility sits on 252 secluded acres (no noise, light, caliber, or N.E.W. restrictions). Currently comprised of:

- A Military Operations in Urban Terrain (MOUT) training area consisting of multiple structures configured specifically for SIMMS and live-fire in designated areas. CQB capabilities consist of an approximate 14,000 square feet Fully Enclosed Shoot house utilizing SIMMS and UTM. 3-story VBSS Tower Complex supporting Urban Sniper Packages, Fast roping, and Rappelling.
- 1 X 1300 yard known distance range, 2 X 50yd 270 degree flat ranges, 2 x 100yd 270 degree flat ranges

## EXERCISE SUPPORT CAPABILITY FOR CUSTOMIZED FULL-SPECTRUM/FULL MISSION PROFILE OPERATIONS/TRAINING:

- Land/Air/Sea off-compound: Extensive support and agreements/permissions in the city of Perry & surrounding area (relationships with City Council, County Commissioners, land owners), 8 miles from direct access to the Gulf of Mexico, 8 miles from Perry-Foley Municipal Airport (established relationship with NFSWC, equipped to support military & civilian fixed wing and rotary wing aircraft)
- Off-Site actionable Targets
- Capable of receiving military fixed wing and rotary wing aircraft
- Airfield has two operational runways
  - 18-36 4,987 x150
  - 30-12 3,879 x150
- The air field sits on a total of 862 acres, which is fenced and access controlled
- Extensive areas on-compound for-mounted and dismounted movement, small unit operations, Helo operations, Short Take Off & Landing (STOL) & fixed wing operations off-compound
- DoD/ATF-compliant explosives and ammunition storage
- A separate, multiple-room facility for Isolation/Planning/Mission Prep & HQ/ Classrooms
- Drive up loading dock with Team size secured storage cages
- On-site equipment, weapons, and storage for student/client use
- Rapidly Deployable Construction Capability for Customizable special projects

## TRAINING AREAS/SUPPORT

- 11,000 sq ft UTM/SIM Shoot House
- (4) 25-50m Flat Bays  
(No movement restrictions)
- 1300m Known distance (KD) Sniper range
- Elevated Sniper Platform
- Vehicle assault range
- Land warfare range
- Belt fed machine gun range
- Rollover Trainer
- 3 Story Rappel Tower
- 10 Non-Standard Vehicles
- 3 Drop Zones
- Local LE incorporation
- 5 Tons X 2
- 5,000 sq ft Maintenance Bay
- Medical Bldg.
- Helo-Cast Site
- OTH/BLS infill sites (Maritime)
- Special Activities (SA)/UW deconfliction in surrounding cities
- DoD/EMS approved HLZ's
- Dilapidated Bldg. area for scenario/FMP on-site
- Multiple Building/Roadway MOUT Site
- Collapsed Structures

## CLASSROOMS/TEAM STORAGE

- 4 Classrooms (Close proximity to team cages)
- Main Classrooms host up to 60 students
- Mission prep area
- AV Hookups
- WIFI
- Satellite
- Loading dock with secured team cages
- Bay door access for easy load in and load out
- Isolated Secured TOC/JOC

## MARITIME SUPPORT

- Access to dive chamber
- Live fire open water SDZ's,
- Local LE/ FEDERAL Maritime support assets
- Maritime testing and assessing
- Beach Landing sites
- Water Drop Zone
- 11m RIB
- Zodiacs
- Safety Swimmers/Divers
- Rescue Divers
- SWCC boat operators
- Port access for training

Asymmetric Solutions leads the way in addressing the increasing importance of Maritime Interdiction Operations (MIO) in modern warfare. We offer advanced training tailored to meet the evolving demands of MIO, utilizing specialized IMO# 370 TEU Cargo Ship Training Platforms known for their speed and authenticity. These platforms, exclusive to our Asymmetric Solutions Annex, provide participants with unparalleled training value in a realistic environment. Our comprehensive MIO training package includes a range of techniques such as Hook and Climb by Assault Boat and Fast Rope Insertion Extraction System (FRIES) operations, ensuring readiness for real-world scenarios. To prioritize safety and proficiency, participants under go static operations training before engaging in dynamic exercises. Asymmetric Solutions equips individuals with the skills and confidence needed to execute MIO missions effectively and safely in today's maritime landscape.

## RESEARCH AND DEVELOPMENT/TEST AND EVALUATION

Our North Florida Special Warfare Center also offers unparalleled capacity for maritime underway Test and Evaluation (T&E). Our staff deconflicts sea lanes to ensure a safe and valuable T&E iteration. With approvals and capability to conduct live fire testing "water to water," "air to water," "water to land," and "land to water," your LIMFACs are mitigating, allowing for an unequaled T&E atmosphere.

## BILLETING/AMENITIES

- Upto 60 Personnel
- Open bay double bunks
- 6 Two Main Private Rooms
- Private bathrooms and showers
- Washers and dryers
- Common area kitchen (Oven, Microwaves, Refrigerators)
- Full-size gym & Running Trails
- Team Room
- Firepit Area
- BBQ
- Picnic Tables

## ASYMMETRIC SOLUTIONS

ASUSA Professional, LLC (Asymmetric Solutions), is a distinguished Certified Service-Disabled Veteran-Owned Small Business (SDVOSB) comprising combat-decorated former Special Operations Forces (SOF) Operators, elite tacticians from Other Government Agencies (OGA), and seasoned Special Weapons and Tactics (SWAT) Law Enforcement Officers. Our instructors bring a wealth of knowledge and expertise derived directly from their extensive real-world experiences, ensuring unparalleled training delivery. Full Mission Profile (FMP) exercises located at numerous Asymmetric Solutions off-site targets.
