LAW ENFORCEMENT

LE BASIC CARBINE

OPEN TO ALL LAW ENFORCEMENT OFFICERS WITH ACTIVE POST LICENSE.

ABOUT

Asymmetric Solutions offers comprehensive Law Enforcement Training to address the challenges faced by departments and officers in today's environment. Tailored individual officer training focus-es on enhancing skills and confidence, cover-ing tactics, individual skills, specialty areas, and medi-cal training. Specialized team training caters to the unique needs of Law Enforcement teams, offering courses such as SWAT, Sniper, Active Threat, and Tactical Mobility. Additionally, cus-tomized depart-ment training programs are designed to meet specific operational and budgetary requirements, covering critical skills sustainment, membership programs, and Missouri POST Certified Courses.

LE/ TRAINING OFFICERSS

Students will learn the basic fundamentals of the carbine platform while covering the topics of BZO, Target Identification/ Discrimination, Reactive Shooting, Multiple Threat Engagements, Cover and Concealment, and Weapon Transitions in this Missouri POST Certified Seminar, equipping officers to be prepared for real-world encounters that goes beyond the static flat range at most Agency ranges.
